KETTLEWELL PRIMARY SCHOOL

Friday News

A Note from Mrs. Morton Lee

.Happy New Year!

I hope you all had a good holiday. Christmas certainly seems a long time ago! The children have quickly settled into their learning routines and are happily starting their new topics.

The vast majority of the staff have now updated their first aid qualifications and as a consequence we are reviewing our medical information and permissions etc. If your child has a health needs which requires school to be involved in their day to day or crisis care, e.g. a severe allergy we must have an up to date Health Care Plan written by a medical professional. If your child has one of these then the next time you see the consultant or hospital department nurse please can you ask them to update your child's plan.

'Woosh' after school club has now relocated at Grassington Primary School. If you would like your child to attend please can you contact Carley on 07590004975 or email her at woosh@outlook.com

News From Class 1

This week in Class One we have been beginning our new topic 'Jolly Journeys'. We have

started to look at the history of transport. We have also got a new role play area, an airport. Olivia and Alice liked dressing up as the pilots waiting to fly the planes.

In literacy this week we have been reading 'Lost and Found' by Oliver Jeffer. The children have really liked the story and worked in groups to retell parts of it. They used actions and puppets to show their parts of the story to the rest of the class.

In maths we are working on place value and number. We have used concrete apparatus to help us to understand tens and ones and how bigger numbers are made.

We had our first

PE session at Cracoe this week. It was lovely to see all the children interacting with each other and it was great to use the equipment available.

Finally Harry has been extremely creative and been making me some new clothes!!

REMINDER

Don't forget to let us know at school if there are any changes to your contact details. New mobile numbers, emergency contacts etc.

School News:

In Collective Worship this term we are learning about :Creativity—As always you are welcome to join us on a Friday at 2.45pm

I am please to inform you that the pupils who registered for guitar lessons will start their first lesson next Tuesday with Mathew Arable from NYCC music service. We do have some guitars in school if you would like to borrow one to begin with. Otherwise if you have guitars at home and have registered then please bring them in on Tuesday.

6.2.18—Craven sportshall athletics final

9.2.18—School closes for half term

19.2.18—School Opens for Spring 2

Class Two News:

In Class 2 this week, we have started our new topic: our theme is Artists Around the World. We will study the history of art and individual artists around the globe and use their home countries to research the geography of the continents on which they lived. The children will be using examples of the different artists' work to inspire their own pictures and models.

In maths, we began to investigate measures and place value, using various equipment and resources to help our understanding.

Our current focus in English is biographies and we will be looking at a range of different biographies, the features of the genre, and writing our own.

Science this term is the study of materials and their properties, which will allow us to conduct various scientific investigations and experiments.
