

Message from Mrs Boxall and Mr Norris

Spring Term
Friday 29th
June 2018

Children from across the Federation have been extremely busy this week. They have been practising for sports day, end of term concerts and services. Some year groups have participated in a range of Cluster sporting events. Well done to Grassington children who won the Tag Rugby tournament last Friday.

During this very hot weather, children have been very sensible about wearing sun hats and caps, drinking plenty of water and applying sun cream if brought into school. Staff have encouraged the children to enjoy the weather, but to seek shade during play and lunch times.

Thank you to all those parents who have returned the Wrap Round Care questionnaire. We will be considering all the responses, deciding on how we can move forward with the provision in a sustainable and viable way.

We only have three weeks of term left, during which time there are numerous activities going on in each of the schools, please refer to the newsletter for specific details.

Message from Class Two

This week Class 2 have been continuing with Greek myths by studying the story of Perseus and Medusa. The children have been using a range of description to describe the characters; they drew a timeline of the story having talked to each other about it; and they wrote a strip based on the story in the style of a graphic novel.

On Tuesday afternoon, the Year 3 and 4 children went to UWS for a tag rugby competition with other schools from the cluster. Our children did extremely well, with lots of good team work and tries scored, we won 2 games, lost one and drew one. Well done!

Look what is happening in the summer holidays thanks to everyone who supported the **Tesco** token appeal

Our fabulous new library is going to be installed all ready for September.

We have now received the £4000 funds from **Tesco's** – Total cost of project £5,000 with other funds coming from Friends, donations, sale of obsolete laptops and blue bags.

Thank you to everyone who helped make this possible!

Message from Class One

This week has been back to normal after our very busy week last week. In literacy we have been finishing off our Handa's surprise stories. The children used lots of adjectives in their writing. The Year Two children have been working hard on syllables this week. They were lucky enough to take their learning outside and used our outdoor classroom space.

In maths we have been doing some problem solving. We had to work together to solve some 'magic triangle' maths. They were quite tricky but the children all took their time and kept trying to solve the problem.

In topic work this week we have learnt about each habitats and found out all about the plants and animals we would find there. We have also looked at animals we would find in Africa and have used the laptops to complete some research on elephants and rhinos.

Diary Dates

- 2.7.18—Class one athletics at UWS 1-2.45pm
- 3.7.18—Ermysteds Open evening for Y5 boys.
Presentations at 6.30 pm and repeated at 7.30 pm
Accordion pupils exams 10.30 am
- 5.7.18—Skipton Girls Open evening for Y5 girls
