

UWPF Pre-School

What a half term our Pre-Schoolers have had! We have observed a lot of play and friendships blossoming. This week the obstacle course provided challenges. I watched on as a couple of children found it tricky to navigate. We talked about taking risks and changing how we moved. It was wonderful to see their faces once they had completed it.

Spontaneous maths...

John brought in some massive carrots and wanted to weigh them. This was a fantastic opportunity to make predications and use our new skills of using talk buddies to explain our reasoning. We had to cut the carrots as they were so big. A few children predicted the side with the most pieces of carrots would be the heaviest. Were they right? Please ask your child about this.

Soggy garden = wellies – please provide your child with a **named** pair.

Thank you for all your support this term. I hope you have a restful week and we look forward to seeing you
Monday 1st November
